October 9, 1972

Mr. William C. Bucciarelli, Chief
Division of Solid Waste Management
Bureau of Land Protection and Reclamation
Department of Environmental Resources
Harrisburg, Pa.

Dear Mr. Bucciarelli:

This is to confirm arrangements which our Manager of Water and Air Conservation, Mr. Stanley Paist, made by telephone with Mr. Snyder of your staff for a meeting with you at 11:00 A.M. on Friday, October 20, 1972.

Our purpose for requesting this meeting is to discuss again the disposal of solid arsenical waste products of our subsidiary, Whitmoyer Laboratories. Following your recommendation, we have been working with Chemfix, a division of Environmental Sciences, Inc., to find a way to reduce permanently, the solubility of the waste to an insignificant level.

Mr. Paist, Messrs. Ambrogi and Huffman of Whitmoyer, and Mr. Polosky of Chemfix and I are coming to the meeting.

I look forward to meeting you.

Very truly yours,

D. G. Clarke
